THE READJUSTER CONGRESSIONAL CONVEN-THON-PETERSBURG METHODIST DISTRICT CONFERENCE—MEETING OF THE COUNCIL— DEMOCRATIC ORGANIZATION—WANT OF BAIN—HEAVY SHIPMENTS OF PEACHES, AC. [Correspondence of the Eichmond Dispatch.]

JULY 28, 1882. The Readjuster mass-meeting held here inst night elected delegates to the Burke-ville Convention. The delegates go uninstructed. During the evening speeches were made by W. N. Stevens, candidate for the nomination for Congress from this district, and J. H. Van Auken. The last-named person has been away from Petersburg for some while, but returned a few days since to express his righteous (!) indignation at the decision of Judge Weisiger in the matter of the injunction. He delivered himself of a dreary political harangue, the great feature of which was his implied assumption that he is an eminently fit and proper man to pass on ques-tions of judicial probity. The resolutions adopted were of the usual cut-and-dried order, damnatory of Bonrbons in general

and Massey in particular.

The Petersburg District Conference of the Methodist Episcopal Church South will meet in annual session at Chester on Tucsmorning, August 1st. There are eighteen pastoral charges in this district, with a membership of 4,886. This body is composed of 54 by delegates, who, together with the pastors and the presiding elder.

Judge Haight, in his opinion granting the motion of counsel for the railroads to quash the writs, said the grievance was a private one; that the people had no interests involved, and the proper method of procedure was by civil suit.

SEIZURE OF IMPORTANT CORRESPONDENCE. ALEXANDRIA, July 28 .- A very important seizure was made vesterday of secret correspondence which passed prior to the bombardment between the military party and French officials. The correspondence was carried on through the agency of the Swiss adventurer Minet, a strong supporter of Araji Packs and new latters appropriate of Arabi Pacha, and now believed to be at the latter's camp. The correspondence is said to prove incontestably that all suspi-cions entertained as to the military being secretly supported by the French were well

founded.

A MOVE TO GAIN TIME.

LONDON, July 28—1:30 P. M.—The Standard, in an edition just issued, says up to the time of going to press no information with regard to Arabi Pacha's offer had been received by the Government. A dispatch from Alexandria to the Central News states there will be no cessation of military preparations, as it is thought the offer may be only made to gain time.
